WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 162. Approval by licensee

**Inspection Report under

Homes Act, 2007**

Specifically failed to comply with the following:

s. 162. (3) Subject to subsections (4) and (5), the licensee shall, within five business days after receiving the request mentioned in clause (1) (b), do one of the following:

- 1. Give the appropriate placement co-ordinator the written notice required under subsection 44 (8) of the Act. O. Reg. 79/10, s. 162 (3).**
- 2. If the licensee is withholding approval for the applicant's admission, give the written notice required under subsection 44 (9) of the Act to the persons mentioned in subsection 44 (10) of the Act. O. Reg. 79/10, s. 162 (3).**

Findings/Faits saillants :

1. The licensee has failed to give the appropriate placement co-ordinator the written notice required under subsection 44 (8) of the Act within five business days after receiving the request to determine whether to give or withhold approval for the applicant's admission to the home.

This complaint was submitted to the Ministry of Health and Long-Term Care (MOHLTC), related to the licensee not responding to the placement co-ordinator within the five business days after receiving an application for admission to the home.

During phone interviews with Patient Services Managers and the Director of Patient Services, from the Waterloo Wellington Local Health Integration Network (WWLHIN), they stated that the home was not meeting their obligation in regards to responding to applications for admission or refusal to the home within five business days.

A review of documentation information provided by the WWLHIN from the Client Health Records Information System (CHRIS) showed that on an identified date, there were 64 applicants in Long-Term Care Home (LTCH) applied status. There were 55 applications with greater than five days in applied status as of a certain date.

During a phone interview with the Director of Care (DOC), they stated that on an identified date, there were five LTCH applications that had not been reviewed and a response provided to the appropriate placement co-ordinator within the five business days as required. The DOC stated that they will work more closely with the Assistant Director of Care (ADOC) to ensure that applications are responded to within the five business days as required.

The scope of the issue was widespread. The severity was determined to be a level two with potential for actual harm to the applicant as the applicants were assessed as requiring long term care. There was no history of non-compliance with this legislation. [s. 162. (3) 1.]
