Findings/Faits saillants :

1. The licensee has failed to ensure that the person who had reasonable grounds to suspect that abuse of a resident by anyone or neglect of a resident by the licensee or staff that resulted in harm or risk of harm had occurred or may occur, immediately reported the suspicion and the information upon which it was based to the Director.

One critical Incident report was submitted regarding an incident of abuse that occurred on a specific day in 2021, but the incident was not reported to the Director until the day after the incident occurred.

The Inspector reviewed the home's Abuse and Neglect policy which indicated that a person who has reasonable grounds to suspect that abuse of a resident by anyone or neglect of a resident by the licensee or staff that resulted in harm or risk of harm had occurred or may occur, immediately reported the suspicion and the information upon which it was based to the Director.

In an interview with the DOC, they verified that the critical incident was reported late, and was not reported until the day after the incident occurred.
