**WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 26. Plan of care  
Specifically failed to comply with the following:**

**s. 26. (3) A plan of care must be based on, at a minimum, interdisciplinary assessment of the following with respect to the resident:**

**10. Health conditions, including allergies, pain, risk of falls and other special needs. O. Reg. 79/10, s. 26 (3).**

**Findings/Faits saillants :**

1. The licensee has failed to ensure that resident #001's care plan was based on an interdisciplinary assessment with respect to the resident's health conditions and other special needs.

Resident #001 sustained an injury that resulted in a significant change in the resident's health status. The resident returned from an emergency room assessment and the long term care physician provided specific orders for care.

A review of the clinical record revealed that a care plan related to health conditions and other special needs, specific to resident #001's recent injuries was not initiated.

Interviews with Personal Support Worker #106, and Registered Practical Nurse #105 noted specific interventions for resident #001.

Director of Care #100 stated that a care plan specific to resident #001's needs and recent change in health status should have been put in place. [s. 26. (3) 10.]

**Additional Required Actions:**

**VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2)  
the licensee is hereby requested to prepare a written plan of correction for  
achieving compliance to ensure the plan of care is based on, an interdisciplinary  
assessment related to health conditions, pain and other special needs with  
respect to the resident, to be implemented voluntarily.**
