Inspection Summary/Résumé de l'inspection

The purpose of this inspection was to conduct a Complaint inspection.

During the course of the inspection, the inspector(s) spoke with The Administrator, the Director of Care a member of the Registered nursing staff ,a Personal Support Worker an two family members.

During the course of the inspection, the inspector(s) Observed the resident and reviewed the resident's clinical records

The following Inspection Protocols were used in part or in whole during this inspection: Continence Care and Bowel Management

Findings of Non-Compliance were found during this inspection.

NON-COMPLIANCE / NON-RESPECT DES EXIGENCES

Table with 2 columns: Definitions (English) and Définitions (French). Lists terms like WN, VPC, DR, CO, WAO.

Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (A requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA.)

The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.

Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (Une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD.

Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 26. Plan of care

Specifically failed to comply with the following subsections:

s. 26. (3) A plan of care must be based on, at a minimum, interdisciplinary assessment of the following with respect to the resident:

1. Customary routines.
2. Cognition ability.
3. Communication abilities, including hearing and language.
4. Vision.
5. Mood and behaviour patterns, including wandering, any identified responsive behaviours, any potential behavioural triggers and variations in resident functioning at different times of the day.
6. Psychological well-being.
7. Physical functioning, and the type and level of assistance that is required relating to activities of daily living, including hygiene and grooming.
8. Continence, including bladder and bowel elimination.
9. Disease diagnosis.
10. Health conditions, including allergies, pain, risk of falls and other special needs.
11. Seasonal risk relating to hot weather.
12. Dental and oral status, including oral hygiene.
13. Nutritional status, including height, weight and any risks relating to nutrition care.
14. Hydration status and any risks relating to hydration.
15. Skin condition, including altered skin integrity and foot conditions.
16. Activity patterns and pursuits.
17. Drugs and treatments.
18. Special treatments and interventions.
19. Safety risks.
20. Nausea and vomiting.
21. Sleep patterns and preferences.
22. Cultural, spiritual and religious preferences and age-related needs and preferences.
23. Potential for discharge. O. Reg. 79/10, s. 26 (3).

Findings/Faits sayants :

1. There is no documented clinical evidence of any assessments related to to the resident's bowel or bladder incontinence.

WN #2: The Licensee has failed to comply with O.Reg 79/10, s. 51. Continence care and bowel management

Specifically failed to comply with the following subsections:

s. 51. (2) Every licensee of a long-term care home shall ensure that,

(a) each resident who is incontinent receives an assessment that includes identification of causal factors, patterns, type of incontinence and potential to restore function with specific interventions, and that where the condition or circumstances of the resident require, an assessment is conducted using a clinically appropriate assessment instrument that is specifically designed for assessment of incontinence;

(b) each resident who is incontinent has an individualized plan, as part of his or her plan of care, to promote and manage bowel and bladder continence based on the assessment and that the plan is implemented;

(c) each resident who is unable to toilet independently some or all of the time receives assistance from staff to manage and maintain continence;

(d) each resident who is incontinent and has been assessed as being potentially continent or continent some of the time receives the assistance and support from staff to become continent or continent some of the time;

(e) continence care products are not used as an alternative to providing assistance to a person to toilet;

(f) there are a range of continence care products available and accessible to residents and staff at all times, and in sufficient quantities for all required changes;

(g) residents who require continence care products have sufficient changes to remain clean, dry and comfortable; and

(h) residents are provided with a range of continence care products that,

(i) are based on their individual assessed needs,

(ii) properly fit the residents,

(iii) promote resident comfort, ease of use, dignity and good skin integrity,

(iv) promote continued independence wherever possible, and

(v) are appropriate for the time of day, and for the individual resident's type of incontinence. O. Reg. 79/10, s. 51 (2).

Findings/Faits sayants :

1. Staff and family confirm that the resident is not on a continence care program and incontinent products are not changed according to the identified resident's need.

2. Staff confirm and there is no documented clinical evidence that the resident has individual plan of care related to bowel and bladder management.
