**WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 44.
Authorization for admission to a home**

Specifically failed to comply with the following:

s. 44. (7) The appropriate placement co-ordinator shall give the licensee of each selected home copies of the assessments and information that were required to have been taken into account, under subsection 43 (6), and the licensee shall review the assessments and information and shall approve the applicant's admission to the home unless,

(a) the home lacks the physical facilities necessary to meet the applicant's care requirements; 2007, c. 8, s. 44. (7).

(b) the staff of the home lack the nursing expertise necessary to meet the applicant's care requirements; or 2007, c. 8, s. 44. (7).

(c) circumstances exist which are provided for in the regulations as being a ground for withholding approval. 2007, c. 8, s. 44. (7).

Findings/Faits saillants :

1. The licensee has failed to ensure that an applicant's admission to the home was approved after a review of the assessments and information provided by the placement co-ordinator, unless (b) the staff of the home lack the nursing expertise necessary to meet the applicant's care requirements.

A review of #001's rejection letter from Baycrest-Apotex dated June 2016, stated the reason for rejection was that the applicant's psychosocial care requirements could not be met by the home. The population and programs schedule would likely negatively impact the applicant's well-being.

An interview with the Unit Director revealed the home was emotionally and socially not a good fit and that the home environment would trigger the applicant. When asked how the rejection met the requirements for withholding approval, the Unit Director responded the nursing staff did not have the expertise to deal with this applicant as his/her cultural background did not fit the cultural background of the home.
