WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 8. Policies, etc., to be followed, and records

Specifically failed to comply with the following:

s. 8. (1) Where the Act or this Regulation requires the licensee of a long-term care home to have, institute or otherwise put in place any plan, policy, protocol, procedure, strategy or system, the licensee is required to ensure that the plan, policy, protocol, procedure, strategy or system,
(a) is in compliance with and is implemented in accordance with applicable requirements under the Act; and O. Reg. 79/10, s. 8 (1).
(b) is complied with. O. Reg. 79/10, s. 8 (1).

Findings/Faits saillants :

1. The licensee has failed to ensure that any plan, policy, protocol, procedure, strategy or system instituted or otherwise put in place was complied with as evidenced by:

Review of the home's policy titled: "Fall Interventions Risk Management (FIRM) Program" policy # LTC-E-60 last revised in March of 2014 revealed staff were directed to record all resident falls on the unit on the Resident Adverse Event Tracking Form LP-C-40-10 for that month. Health record review for a resident revealed the resident had falls that were not entered by the staff on the Resident Adverse Event Tracking Forms for the respective months.

Interviews with the Director of Care and Assistant Director of Care revealed the expectation was that the staff recorded all resident falls on the Event Tracking Forms for the respective month and unit. The managers also reported that at the end of the month they would collect the Resident Adverse Event Tracking forms for that month and review them for trends and to identify residents at higher risk for falls. [s. 8. (1) (a),s. 8. (1) (b)]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure any plan, policy, protocol, procedure, strategy or system instituted or otherwise put in place is complied with., to be implemented voluntarily.

WN #2: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care

Specifically failed to comply with the following:

s. 6. (2) The licensee shall ensure that the care set out in the plan of care is based on an assessment of the resident and the needs and preferences of that resident. 2007, c. 8, s. 6 (2).

Findings/Faits saillants :

1. The licensee has failed to ensure that the plan of care was based on an assessment of the resident and the resident's needs and preferences as evidenced by:

Health record review and staff interviews for a resident revealed some of the interventions in place to prevent falls were not in the resident's written plan of care.

The Director of Care, Assistant Director of Care and one Registered Nurse verified that this resident's written plan of care should be based on the resident's needs and preferences and should have included all the interventions in place to prevent falls. [s. 6. (2)]
