soins de longue durée

1. The licensee failed to ensure that a resident exhibiting altered skin integrity received a skin assessment by a member of the registered nursing staff. In December 2013 changes in a skin condition were observed and reported to the Registered Practical Nurse by the visitors. The information was later passed on to a Registered Nurse.

The changes were noted via fax to a Doctor in December 2013. The Doctor assessed the skin later in December.

During a ten day period in December there were no assessments using a clinically appropriate assessment instrument completed reviewing the altered skin integrity. This was confirmed by the Director of Care. [s. 50. (2) (b) (i)]
