The purpose of this inspection was to conduct a Follow up inspection.

This inspection was conducted on the following date(s): February 09, 10, 13 (off site), 14, 2017

This Follow Up inspection was conducted with regards to three Compliance Orders. Compliance Order #001 was related to the safety and security of the home environment with regards to the use of baseboard heaters. Compliance Order #002 was related to bed rail use and the assessment of residents and the evaluation of bed systems. Compliance Order #003 was related to bed safety and the reassessment of residents and the review and revision of residents' plan of care when care needs change or care set out in the plan is no longer necessary.

The three Compliance Orders are complied as a result of the inspection.

During the course of the inspection, the inspector(s) spoke with the Administrator, the Director of Care, the Assistant Director of Care, the RAI coordinator, the Physiotherapist, registered and non registered nursing staff, maintenance staff and residents.

The Inspector observed selected resident bedrooms with a focus on bed placement in relation to the baseboard heaters. The Inspector observed selected resident bedrooms with a focus on bed height, positioning devices and bed safety devices, such as curbell bed alarms, in use for the resident. The Inspector observed the testing process, conducted by maintenance staff, for potential entrapment zone #2 on an identified resident's bed. The Inspector observed an identified resident while sleeping in bed. The Inspector reviewed components of selected resident's health care records including printed care plans and bed safety risk assessments, as provided by the Director of Care. The Inspector reviewed documentation related to the implementation of the home's new bed safety program, including new and updated policies, meeting minutes and education provided to staff.
