Specifically failed to comply with the following:

- s. 23. (1) Every licensee of a long-term care home shall ensure that,**
- (a) every alleged, suspected or witnessed incident of the following that the licensee knows of, or that is reported to the licensee, is immediately investigated:**
 - (i) abuse of a resident by anyone,**
 - (ii) neglect of a resident by the licensee or staff, or**
 - (iii) anything else provided for in the regulations; 2007, c. 8, s. 23 (1).**

 - (c) any requirements that are provided for in the regulations for investigating and responding as required under clauses (a) and (b) are complied with. 2007, c. 8, s. 23 (1).**

Findings/Faits saillants :

The licensee has failed to ensure that every alleged and/or witnessed incident of abuse of resident #001 by a staff, that was reported, was immediately investigated.

On specified dates and times, a staff member had been involved in alleged, witnessed, and suspected staff to resident (#001) abuse. The resident reported that they were afraid of the staff member. The resident no longer resided in the home. The Administrator confirmed that there was a number of incidents that were not immediately investigated. Failing to immediately investigate alleged, witnessed, or suspected incidents of staff to resident abuse, may lead to additional incidents of staff to resident abuse.

Sources: CIR, progress notes, home's investigation and interview of staff.

Additional Required Actions:

CO # - 001 will be served on the licensee. Refer to the "Order(s) of the Inspector".

**WN #2: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 3.
Residents' Bill of Rights**

Specifically failed to comply with the following:

s. 3. (1) Every licensee of a long-term care home shall ensure that the following rights of residents are fully respected and promoted:

2. Every resident has the right to be protected from abuse. 2007, c. 8, s. 3 (1).

Findings/Faits saillants :

The licensee has failed to ensure that resident #001's right to be free from abuse, was fully respected and promoted.

On specified dates and times, a staff member had been involved in alleged, witnessed, and suspected incidents of abuse towards resident #001. The resident reported that they were afraid of the staff member. The resident no longer resided in the home. Failing to ensure that the resident's right to be free from abuse was fully respected and promoted can lead to additional incidents of abuse.

Sources: CIR, progress notes of resident #001, home's investigation and interview of staff.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that the following rights of residents are fully respected and promoted: 2. Every resident has the right to be protected from abuse, to be implemented voluntarily.

WN #3: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 5. Every licensee of a long-term care home shall ensure that the home is a safe and secure environment for its residents. 2007, c. 8, s. 5.

Findings/Faits saillants :

The licensee has failed to ensure that the home was a safe and secure environment for its residents, related to Directive #3.

Observations by the Inspector on various days and times indicated that multiple staff had their eye protective wear worn incorrectly. One staff member was not wearing any eye protective wear. The Administrator confirmed that all staff were to be wearing their eye protective wear correctly. Failing to correctly apply Personal Protective Equipment (PPE) may result in an increased transmission of infections.

Sources: observations, COVID-19 Directive #3 for Long-Term Care Homes under the Long-Term Care Homes Act, 2007, Issued under Section 77.7 of the Health Protection and Promotion Act (HPPA), R.S.O. 1990, c. H.7, updated May 4, 2021 and interview with staff.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that the home is a safe and secure environment for its residents, to be implemented voluntarily.

WN #4: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care

Specifically failed to comply with the following:

s. 6. (7) The licensee shall ensure that the care set out in the plan of care is provided to the resident as specified in the plan. 2007, c. 8, s. 6 (7).

Findings/Faits saillants :

The licensee has failed to ensure that the care set out in the plan of care for resident #002, was provided to the resident as specified in the plan for responsive behaviours.

On a specified date and time, an RN was witnessed to be abusive towards resident #002 in a specified area. Resident #002 had specified responsive behaviours which were triggered in a specified area. There were specified interventions that were to be implemented when the resident demonstrated the specified responsive behaviours and the interventions were not followed. Failing to respond to residents with responsive behaviours as indicated in the plan of care can lead to abuse by staff and other residents.

Sources: CIR, observation of resident #002, progress notes and care plan of resident #002 and interview of staff.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that the care set out in the plan of care is provided to the resident as specified in the plan, to be implemented voluntarily.

WN #5: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 20. Policy to promote zero tolerance

Specifically failed to comply with the following:

s. 20. (1) Without in any way restricting the generality of the duty provided for in section 19, every licensee shall ensure that there is in place a written policy to promote zero tolerance of abuse and neglect of residents, and shall ensure that the policy is complied with. 2007, c. 8, s. 20 (1).

Findings/Faits saillants :

The licensee has failed to ensure that their written policy that promotes zero tolerance of abuse and neglect of residents was complied with.

There were a number of incidents of staff to resident abuse that occurred towards resident #001. Contrary to the home's policy, a PSW that witnessed one of the incidents did not immediately report the abuse to their charge nurse. An RN who had knowledge of one of the incidents, did not report the abuse in a timely manner. The home was to take corrective action with staff who failed to report abuse in a timely manner and there was no evidence of corrective actions taken. The home failed to obtain written statements from staff who had knowledge of the incidents and safely store all evidence of abuse during their investigation. Failing to follow the zero tolerance of resident abuse policy can lead to incomplete investigations and further incidents of resident abuse.

Sources: CIR, progress notes, home's investigation, Zero Tolerance of Resident Abuse and Neglect: Investigation and Consequences and interview of staff.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that there is in place a written policy to promote zero tolerance of abuse and neglect of residents, and shall ensure that the policy is complied with, to be implemented voluntarily.

WN #6: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 24. Reporting certain matters to Director

Specifically failed to comply with the following:

s. 24. (1) A person who has reasonable grounds to suspect that any of the following has occurred or may occur shall immediately report the suspicion and the information upon which it is based to the Director:

- 4. Misuse or misappropriation of a resident's money. 2007, c. 8, s. 24 (1), 195 (2).**
- 5. Misuse or misappropriation of funding provided to a licensee under this Act or the Local Health System Integration Act, 2006. 2007, c. 8, s. 24 (1), 195 (2).**

Findings/Faits saillants :

Inspection Report under
the Long-Term Care
Homes Act, 2007

Rapport d'inspection en vertu de
la Loi de 2007 sur les foyers de
soins de longue durée

The licensee has failed to ensure that a staff member who had reasonable grounds to suspect abuse of resident #002 by another staff, that resulted in a risk of harm, immediately reported the suspicion to the Director.

On a specified date and time, an RN was witnessed to be abusive towards resident #002 in a specified area. The RN no longer worked in the home. The staff member who witnessed the incident confirmed they had not reported the abuse to the Director. The Administrator confirmed the staff to resident emotional abuse incident was determined to be founded and was not reported to the Director until a number of days later.

Sources: CIR, progress notes and investigation for resident #002 and interview of staff.

2. The licensee has failed to ensure that a staff member who had reasonable grounds to suspect abuse of resident #001 by another staff, that resulted in a risk of harm, immediately reported the suspicion to the Director

On specified dates and times, a staff member had been involved in alleged, witnessed, and suspected incidents of abuse towards resident #001. The resident reported that they were afraid of the staff member. The Administrator confirmed that the staff to resident abuse incidents that occurred were not reported to the Director, until the following day. Failing to immediately report alleged, suspected or witnessed incidents of staff to resident abuse can lead to additional incidents of abuse.

Sources: CIR, progress notes, home's investigation and interview of staff.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that a person who has reasonable grounds to suspect that any of the following has occurred or may occur shall immediately report the suspicion and the information upon which it is based to the Director:2. Abuse of a resident by anyone or neglect of a resident by the licensee or staff that resulted in harm or a risk of harm to the resident, to be implemented voluntarily.

WN #7: The Licensee has failed to comply with O.Reg 79/10, s. 54. Altercations and other interactions between residents

Every licensee of a long-term care home shall ensure that steps are taken to minimize the risk of altercations and potentially harmful interactions between and among residents, including,

(a) identifying factors, based on an interdisciplinary assessment and on information provided to the licensee or staff or through observation, that could potentially trigger such altercations; and

(b) identifying and implementing interventions. O. Reg. 79/10, s. 54.

Findings/Faits saillants :

The licensee has failed to ensure that steps were taken to minimize the risk of altercations and potentially harmful interactions between residents, by identifying factors based on an interdisciplinary assessment and on information provided to the licensee or staff, that could potentially trigger such altercations.

On a specified date and time, resident #004 was observed in an altercation with resident #005, resulting in resident #005 sustaining a fall with pain. Resident #005 was transferred to hospital a number of days later, had ongoing pain and died a number of weeks later. A number of staff, including the Behavioural Supports Ontario (BSO) lead, confirmed resident #004 displayed specified responsive behaviours towards other residents. The BSO lead indicated specified assessment tools were to be implemented for any residents involved in altercations towards other residents; however, they had not been implemented for resident #004. The altercation was not documented in resident #004's health record as required. There were no indications of interdisciplinary assessments for resident #004 to identify specified triggers or any other actions to be taken, when resident #004 was involved in altercations with other residents, in a specified areas. Failing to take steps to minimize the risk of altercations and potential harmful interactions between residents can lead to additional altercations between residents and result in serious injuries.

Sources: CIR, observations of resident #004, progress notes and care plan of resident #004, progress notes of resident #005 and interviews of staff.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that steps are taken to minimize the risk of altercations and potentially harmful interactions between and among residents, including, (a) identifying factors, based on an interdisciplinary assessment and on information provided to the licensee or staff or through observation, that could potentially trigger such altercations, to be implemented voluntarily.

WN #8: The Licensee has failed to comply with O.Reg 79/10, s. 229. Infection prevention and control program

Specifically failed to comply with the following:

s. 229. (4) The licensee shall ensure that all staff participate in the implementation of the program. O. Reg. 79/10, s. 229 (4).

Findings/Faits saillants :

The licensee has failed to ensure that staff participate in the implementation of the IPAC program related to offering hand hygiene to residents before meals.

On two dates, the residents were observed not being offered hand hygiene prior to and after their meal, as per the home's hand hygiene policy. The Administrator confirmed that staff should have assisted residents with hand hygiene prior to and after their meals. Failing to offer hand hygiene to residents prior to meals can lead to transmission of infections.

Sources: observations, Hand Hygiene policy and interview of staff.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that all staff participate in the implementation of the program, to be implemented voluntarily.

1. The licensee has failed to ensure that every alleged and/or witnessed incident of abuse of resident #001 by a staff, that was reported, was immediately investigated.

On specified dates and times, a staff member had been involved in alleged, witnessed, and suspected staff to resident (#001) abuse. The resident reported that they were afraid of the staff member. The resident no longer resided in the home. The Administrator confirmed that there was a number of incidents that were not immediately investigated. Failing to immediately investigate alleged, witnessed, or suspected incidents of staff to resident abuse, may lead to additional incidents of staff to resident abuse.

Sources: CIR, progress notes, home's investigation and interview of staff.

An order was made by taking the following factors into account:

-Severity: There was actual risk of harm to the residents because the initial allegation of staff to resident abuse was not immediately investigated and led to additional incidents that were later determined to be founded.

-Scope: The scope of this non-compliance was isolated, as only one of three abuse incidents inspected were not immediately investigated.

-Compliance History: the home had ongoing non-compliance to LTCHA, 2007, s. 23(1)(a) as follows:-

A voluntary plan of correction (VPC) was issued on December 30, 2019 during a CIR inspection.

A Written Notification (WN) was issued on November 19, 2019 during a CIR inspection.

A VPC was issued on December 5, 2018 during a CIR inspection. (111)
