reviewed and revised at least every six months and at any other time when,
(b) the resident's care needs change or care set out in the plan is no longer necessary;
or

A resident's plan of care indicated there was to be an identified intervention in place;
however, direct care staff indicated the identified intervention had been discontinued.
The resident's plan of care was revised to reflect their current needs.

Sources: An Inspector's observations; review of a resident's health care records; and
interviews with direct care staff and the Director of Care (DOC).

Date Remedy Implemented: February 11, 2026.

WRITTEN NOTIFICATION: Pain Management

NC #002 Written Notification pursuant to FLTCA, 2021, s. 154 (1) 1.

Non-compliance with: O. Reg. 246/22, s. 57 (2)

Pain management

s. 57 (2) Every licensee of a long-term care home shall ensure that when a resident's
pain is not relieved by initial interventions, the resident is assessed using a clinically
appropriate assessment instrument specifically designed for this purpose.

A Pain evaluation was initiated when a resident was experiencing worsening pain;
however, the required pain assessment was not completed.

Sources: A resident's health care records; the home's pain assessment and evaluation
procedure; and an interview with the DOC.
