**Findings/Faits saillants :**

1. The licensee failed to protect a resident's right to be free from physical abuse.

A resident was slapped by an agency staff member.

The home did not remove the staff member from the care of the resident and instead allowed the abuser to continue to provide care to the resident for the remainder of the shift.

The licensee did not conduct an assessment on the resident to determine if an injury was sustained until 2 days after the abuse had occurred.

The licensee failed to immediately report the abuse to the Director as outlined in section 24 (1).

The RN reported the abuse to the agency but did not report it to the SDM or the management of the home as per the homes policy.

The licensee failed to ensure that the appropriate police force was immediately notified of the witnessed incident of abuse (R. 98).
