1. The licensee failed to ensure that the care set out in the plan of care is provided to the resident as specified in the plan.

Resident # 3 requires a full hooyer mechanical lift and 2 staff for all transfers. On an identified date, a Personal Support Worker (PSW) transferred the resident without a mechanical lift and without another staff member. The PSW transferred the resident by standing the resident up and pivoting the resident to turn and sit.

This posed a risk of injury to the resident and did not follow the plan of care as specified. [s. 6. (7)]
