O. Reg. 114 (3) (a) requires that the written policies and protocols be implemented.

Specifically, an RN did not comply with the home's policy, "Ordering and Receiving Medication".

A resident's medication was increased to daily administration. The resident received their first dose increase two days after the medication increase was ordered.

The home's policy, "Ordering and Receiving Medication", required ensuring that the physician's order was accurately transcribed to the MAR.

The ADOC stated the home's policy was not followed by the RN as they had not entered the order in the MAR, when they had processed the order.
