A health care record review was conducted by Inspector #542 for resident #002 which indicated that the resident several disease diagnosis. The progress notes revealed that several incidents had occurred between these same two residents prior to the submission of this CI. The first documented incident according to the progress notes of resident #001 occurred during the month of October of 2014 and then again the next day. The care plan was updated to indicate that staff were to check on resident #002 frequently throughout the day, evening and night to ensure no further incidents occurred and to monitor them for their safety.
