Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 47.

Qualifications of personal support workers

Specifically failed to comply with the following:

s. 47. (1) Every licensee of a long-term care home shall ensure that on and after the first anniversary of the coming into force of this section, every person hired by the licensee as a personal support worker or to provide personal support services, regardless of title, has successfully completed a personal support worker program that meets the requirements in subsection (2). O. Reg. 79/10, s. 47 (1).

1. The licensee has failed to ensure that all the persons hired on or after July 1, 2011 as personal support workers or to provide personal support services, regardless of title, completed a personal support worker program that met the requirements as per the legislation or have the qualifications listed in the legislation as evidenced by:

Interview with the Administrator revealed that some employees of the home worked providing personal support services to residents without ever being enrolled in a personal support worker program. The employees that provided personal support services to residents and were currently enrolled in a personal support worker program were not working under the supervision of a member of the registered nursing staff and an instructor from the program.

Interviews with employees that provided personal support services to residents revealed their job duties included transferring, toileting, bathing, dressing and assisting with feeding.

The Administrator confirmed the expectation was that all persons hired by the licensee to provide personal support services to residents, regardless of title, needed to have successfully completed a personal support worker program that met the requirements of the legislation or if enrolled in a personal support worker program, they had to work under the supervision of a member of the registered nursing staff and an instructor from the program.
