**WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6.
Plan of care**

Specifically failed to comply with the following:

**s. 6. (4) The licensee shall ensure that the staff and others involved in the different aspects of care of the resident collaborate with each other,
(a) in the assessment of the resident so that their assessments are integrated and are consistent with and complement each other; and 2007, c. 8, s. 6 (4).
(b) in the development and implementation of the plan of care so that the different aspects of care are integrated and are consistent with and complement each other. 2007, c. 8, s. 6 (4).**

Findings/Faits saillants :

1. The licensee has failed to ensure that staff and others involved in the different aspects of care collaborate with each other in the assessment of the resident so that their assessments are integrated, consistent with and complement each other.

A) A fall assessment for one resident identified them as being at moderate risk for falls.
B) The resident experienced a fall after the above assessment was completed.
C) A post fall assessment identified the resident is low risk for falls.

D) The physician's current medication and treatment review revealed the resident was prescribed different classifications of medication that are options for identification on the fall assessment reports.

D) The resident's current quarterly assessment revealed the medication section of the assessment did not include the resident's use of the medications identified in the physician's medication and treatment review.

E) One Registered Practical Nurse (RPN) confirmed there have been no physician ordered changes to the classification of medications the resident is prescribed, the resident's quarterly assessment did not consider the different aspects of care for the resident and the assessment was not integrated, consistent and compliment the resident's care requirements.

F) The Director of Care (DOC) agreed the resident's medication record should have been considered and integrated into the current quarterly assessment. [s. 6. (4) (a)]
