Inspection Summary/Résumé de l'inspection

The purpose of this inspection was to conduct a Critical Incident System inspection.

This inspection was conducted on the following date(s): July 23 and 24, 2019.

This inspection was completed for Critical Incident Intake Log # 014296-19, CIS #2673-000005-19 related to a resident's fall down the stairs that resulted in death.

During the course of the inspection, the inspector(s) spoke with the Administrator, Director of Care, Environmental Services Manager, Maintenance Worker, Rehab Coordinator, two Personal Support Workers and two Registered staff members.

The inspector(s) also toured the home, observed residents and care provided to them, reviewed clinical records, incident report, investigation notes and reviewed specific policies and procedures of the home.

The following Inspection Protocols were used during this inspection:
Minimizing of Restraining
Safe and Secure Home

During the course of this inspection, Non-Compliances were issued.

Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (a requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA).

The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.

Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD.

Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 9. Doors in a home

Specifically failed to comply with the following:

s. 9. (1) Every licensee of a long-term care home shall ensure that the following rules are complied with:

1. All doors leading to stairways and the outside of the home other than doors leading to secure outside areas that preclude exit by a resident, including balconies and terraces, or doors that residents do not have access to must be,

- i. kept closed and locked,**
- ii. equipped with a door access control system that is kept on at all times, and**
- iii. equipped with an audible door alarm that allows calls to be cancelled only at the point of activation and,**

**A. is connected to the resident-staff communication and response system, or
B. is connected to an audio visual enunciator that is connected to the nurses' station nearest to the door and has a manual reset switch at each door.**

O. Reg. 79/10, s. 9; O. Reg. 363/11, s. 1 (1, 2).

2. All doors leading to non-residential areas must be equipped with locks to restrict unsupervised access to those areas by residents, and those doors must be kept closed and locked when they are not being supervised by staff. O. Reg. 79/10, s. 9; O. Reg. 363/11, s. 1 (1, 2).

3. Any locks on bedrooms, washrooms, toilet or shower rooms must be designed and maintained so they can be readily released from the outside in an emergency.

4. All alarms for doors leading to the outside must be connected to a back-up power supply, unless the home is not served by a generator, in which case the staff of the home shall monitor the doors leading to the outside in accordance with the procedures set out in the home's emergency plans.O. Reg. 79/10, s. 9; O. Reg. 363/11, s. 1 (1, 2).

Findings/Faits saillants :

1. The licensee has failed to ensure that all doors leading to stairways and to the outside of the home other than doors leading to secure outside areas that preclude exit by a resident, including balconies and terraces, or doors that residents do not have access to must be equipped with an audible door alarm that allows calls to be cancelled only at the point of activation and,

A. is connected to the resident-staff communication and response system, or
B. is connected to an audio visual enunciator that is connected to the nurses' station nearest to the door and has a manual reset switch at each door.

The home submitted a Critical Incident System (CIS) report to the Ministry of Long-Term Care on a certain date. The CIS showed that a specific resident fell down the stairs.

In an interview the ESM said that a storm surge on a certain date released the magnetic lock on the emergency door exits and required to be reset, no body noticed that the locks were deactivated until after the incident had occurred.

ESM said that the doors leading to the stairwells were not connected to an audible door alarm that allowed calls to be cancelled only at the point of activation and were not connected to the resident-staff communication and response system, nor were connected to an audio visual enunciator that was connected to the nurses' station nearest to the door and has a manual reset switch at each door. They said that they were in the process of working with vendors to connect the doors to the resident-staff communication system.

In an interview the DOC said that during the storm on the specific date the power flicked and deactivated the magnetic lock and required it to be reset. the DOC said that those doors were not used by staff so nobody noticed that. The resident on a specific date was able to push the door open with ease and fell down the stairs.

The DOC said that they installed portable sensors on specific emergency exit doors and will be installing similar sensors on all the emergency exit doors. They provided communication with vendors specific to connecting these doors to the resident-staff communication system.

DOC said that necessary parts have been shipped from the vendor and will be connected as soon as the part arrived at the home.

During this inspection, this non-compliance was found to have a severity of level 4 as there was a serious harm to the resident. The scope of this non-compliance was a level 3 as it was widespread and had the possibility to affect a large number of LTCH's residents. The home had no previous noncompliance in this area. [s. 9. (1)]

Additional Required Actions:

CO # - 001 will be served on the licensee. Refer to the "Order(s) of the Inspector".

**WN #2: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 33.
PASDs that limit or inhibit movement****Specifically failed to comply with the following:**

s. 33. (3) Every licensee of a long-term care home shall ensure that a PASD described in subsection (1) is used to assist a resident with a routine activity of living only if the use of the PASD is included in the resident's plan of care. 2007, c. 8, s. 33. (3).

Findings/Faits saillants :

1. The licensee has failed to ensure that when a PASD that was used to assist a resident with a routine activity of living was included in the residents' plan of care.

The home submitted a Critical Incident System (CIS) report to the Ministry of Long-Term Care on a specific date. The CIS showed that on a specific date a specific resident was in their mobility aid device with a Personal Assistance Service Device (PASD) applied. Resident pushed the exit door open with minimal force. Resident moved their mobility device forward and fell down the stairs.

Clinical record review for the resident showed a progress note completed on a specific date by a Physiotherapist (PT). The progress note included that the PT was asked to find alternate mobility device for the resident. Resident required specific PASD.

Clinical record review for the resident showed that the plan of care did not include the use of the PASD.

In an interview the DOC said that according to the home's process the PT would assess the resident and if they determined a PASD was needed they would update the plan of care to include the use of that PASD.

The DOC said that they reviewed the clinical record for the resident and found that the plan of care did not include the use of the PASD.

The licensee has failed to ensure that when a specific PASD was implemented for the resident, it was included in the resident's plan of care. [s. 33. (3)]

Additional Required Actions:

***VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2)
the licensee is hereby requested to prepare a written plan of correction for
achieving compliance to ensure that when a PASD that was used to assist a
resident with a routine activity of living was included in the residents' plan of care,
to be implemented voluntarily.***

Order / Ordre :

Order(s) of the Inspector

Pursuant to section 153 and/or section 154 of the *Long-Term Care Homes Act, 2007*, S.O. 2007, c. 8

Ordre(s) de l'inspecteur

Aux termes de l'article 153 et/ou de l'article 154 de la *Loi de 2007 sur les foyers de soins de longue durée*, L.O. 2007, chap. 8

The licensee must be compliant with O. REG. 79/10, r. 9. (1)
Specifically, the licensee must ensure that:

- 1) All doors leading to stairways and to the outside of the home other than doors leading to secure outside areas that preclude exit by a resident, including balconies and terraces, or doors that residents do not have access to must be equipped with an audible door alarm that allows calls to be cancelled only at the point of activation and,
 - A. is connected to the resident-staff communication and response system, or
 - B. is connected to an audio-visual enunciator that is connected to the nurses' station nearest to the door and has a manual reset switch at each door.
- 2) The emergency procedures are updated to reflect power outages affecting locked doors, and action items taken by staff in such cases.
- 3) All staff receive education for the emergency procedures and actions to be taken in such situations. A record of this education will be kept.

Grounds / Motifs :

1. 1. The licensee has failed to ensure that all doors leading to stairways and to the outside of the home other than doors leading to secure outside areas that preclude exit by a resident, including balconies and terraces, or doors that residents do not have access to must be equipped with an audible door alarm that allows calls to be cancelled only at the point of activation and,
 - A. is connected to the resident-staff communication and response system, or
 - B. is connected to an audio visual enunciator that is connected to the nurses' station nearest to the door and has a manual reset switch at each door.

The home submitted a Critical Incident System (CIS) report to the Ministry of Long-Term Care on a certain date. The CIS showed that a specific resident fell down the stairs.

In an interview the ESM said that a storm surge on a certain date released the magnetic lock on the emergency door exits and required to be reset, no body noticed that the locks were deactivated until after the incident had occurred. ESM said that the doors leading to the stairwells were not connected to an audible door alarm that allowed calls to be cancelled only at the point of

REVIEW/APPEAL INFORMATION**TAKE NOTICE:**

The Licensee has the right to request a review by the Director of this (these) Order(s) and to request that the Director stay this (these) Order(s) in accordance with section 163 of the Long-Term Care Homes Act, 2007.

The request for review by the Director must be made in writing and be served on the Director within 28 days from the day the order was served on the Licensee.

The written request for review must include,

- (a) the portions of the order in respect of which the review is requested;
- (b) any submissions that the Licensee wishes the Director to consider; and
- (c) an address for services for the Licensee.

The written request for review must be served personally, by registered mail, commercial courier or by fax upon:

Director
c/o Appeals Coordinator
Long-Term Care Inspections Branch
Ministry of Health and Long-Term Care
1075 Bay Street, 11th Floor
Toronto, ON M5S 2B1
Fax: 416-327-7603

When service is made by registered mail, it is deemed to be made on the fifth day after the day of mailing, when service is made by a commercial courier it is deemed to be made on the second business day after the day the courier receives the document, and when service is made by fax, it is deemed to be made on the first business day after the day the fax is sent. If the Licensee is not served with written notice of the Director's decision within 28 days of receipt of the Licensee's request for review, this(these) Order(s) is(are) deemed to be confirmed by the Director and the Licensee is deemed to have been served with a copy of that decision on the expiry of the 28 day period.

The Licensee has the right to appeal the Director's decision on a request for review of an Inspector's Order(s) to the Health Services Appeal and Review Board (HSARB) in accordance with section 164 of the Long-Term Care Homes Act, 2007. The HSARB is an independent tribunal not connected with the Ministry. They are established by legislation to review matters concerning health care services. If the Licensee decides to request a hearing, the Licensee must, within 28 days of being served with the notice of the Director's decision, give a written notice of appeal to both:

RENSEIGNEMENTS RELATIFS AUX RÉEXAMENS DE DÉCISION ET AUX APPELS**PRENEZ AVIS :**

Le/la titulaire de permis a le droit de faire une demande de réexamen par le directeur de cet ordre ou de ces ordres, et de demander que le directeur suspende cet ordre ou ces ordres conformément à l'article 163 de la Loi de 2007 sur les foyers de soins de longue durée.

La demande au directeur doit être présentée par écrit et signifiée au directeur dans les 28 jours qui suivent la signification de l'ordre au/à la titulaire de permis.

La demande écrite doit comporter ce qui suit :

- a) les parties de l'ordre qui font l'objet de la demande de réexamen;
- b) les observations que le/la titulaire de permis souhaite que le directeur examine;
- c) l'adresse du/de la titulaire de permis aux fins de signification.

La demande de réexamen présentée par écrit doit être signifiée en personne, par courrier recommandé, par messagerie commerciale ou par télécopieur, au :

Directeur
a/s du coordonnateur/de la coordonnatrice en matière d'appels
Direction de l'inspection des foyers de soins de longue durée
Ministère de la Santé et des Soins de longue durée
