1. The licensee has failed to comply with O.Reg 79/10, s. 101 (2) (e), in that the licensee did not document their response to the complainant.

The licensee received e-mail complaints from a family member regarding the resident's skin integrity on identified dates in 2013.

Progress notes noted in the resident's health records that the home did investigate the concerns raised in the e-mails but did not document if a response was given to the complainant.

On August 14, 15, 2013, the home's Administrator stated to the inspector that he and the Director of Care did consult the physician and discuss the follow-up of the concerns related to skin integrity with the complainant.

He confirmed that he did not answer in writing to the specific emails received from the complainant and has not documented any response provided to the complainant. [s. 101. (2) (e)]
