Non-compliance with: O. Reg. 246/22, s. 34 (2)

General requirements

s. 34 (2) The licensee shall ensure that any actions taken with respect to a resident under a program, including assessments, reassessments, interventions and the resident's responses to interventions are documented.

The licensee has failed to ensure that symptoms indicating the presence of infection in a resident were documented every shift when they had an infection, as required by the home's IPAC program. During two occasions, there was a lack of documentation in regards to the resident's assessments and symptoms at the time, putting them at risk for unidentified health deterioration.

Sources: Interview with staff, resident's clinical records
