for strategies to reduce or mitigate falls, including the monitoring of residents, the review of residents' drug regimes, the implementation of restorative care approaches and the use of equipment, supplies, devices and assistive aids. O. Reg. 246/22, s. 54 (1).

The licensee has failed to ensure that a fall prevention intervention was provided to a resident as specified in their plan of care, placing the resident at risk of a fall.

In accordance with O. Reg 246/22 s.11. (1) b, the licensee is required to implement strategies to reduce or mitigate the risk of falls. Specifically, the home's Falls Prevention and Management policy directed staff to use the falls prevention interventions identified in the resident's plan of care.
