1. The licensee failed to ensure that any person who had reasonable grounds to suspect that verbal abuse to Resident #1 occurred shall immediately report the suspicion and the information upon which it was based to the Director.

-Although record review and interviews held with staff members could not confirm that allegations of verbal abuse were founded; an interview held with an identified staff member confirmed that on or around a specified time period, an identified personal support worker (PSW) was observed to verbally abuse two residents. The staff member confirmed being aware of the knowledge to report the suspicion but withheld the information and did not report to the management of the home or the Director. Interview held with both the Administrator and Director of Care confirm not being made aware of any incidents of verbal abuse [s. 24. (1)]
