**WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care  
Specifically failed to comply with the following subsections:**

**s. 6. (7) The licensee shall ensure that the care set out in the plan of care is provided to the resident as specified in the plan. 2007, c. 8, s. 6 (7).**

**Findings/Faits saillants :**

1. An identified resident reported being struck by a Personal Support Worker (PSW), when care was being provided. The charge RPN documented the following on the resident's clinical health record:

- the PSW indicated that the resident was resistant to care.
- a PSW who had assisted with the resident's care, reported that the resident was resistive to care and aggressive but that some care was completed.

2. The resident's current written plan of care directs the following:

Give the resident "as much control as possible over routine and treatments"

Assist the resident "to gain some control over care ie. allow to choose time for care and clothing"

If the resident "is agitated when staff approach for care, leave and return at a later time"

3. The licensee failed to ensure that the care set out in the plan of care was provided to the resident:

- when the PSW failed to give the resident any control over care when care was provided despite the resident's resistance
- when the PSW failed to follow the direction of the care plan to leave and return at a later time when the resident was agitated.[s.6.(7)]

**Additional Required Actions:**

**VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that the care set out in the plan of care is provided to the resident as specified in the plan, to be implemented voluntarily.**

**WN #2: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 19. Duty to protect  
Specifically failed to comply with the following subsections:**

**s. 19. (1) Every licensee of a long-term care home shall protect residents from abuse by anyone and shall ensure that residents are not neglected by the licensee or staff. 2007, c. 8, s. 19 (1).**

**Findings/Faits saillants :**

1. Family members reported at 1230 hours that an identified resident had an injury. The RPN examined the resident who reported being struck by a PSW when care was being provided.
2. Documentation of the Administrator's interview with the PSW indicates that she was notified by the RPN that there was a concern that she "hit resident with a piece of stick".
3. The Director of Care was not notified of the incident until 2307 hrs that evening when the charge nurse forwarded her an e-mail, advising her that she had just been informed of the incident, that there was no incident report and that the daily report did not include any information about the incident.
3. The PSW alleged to have struck the resident continued to complete her shift without restrictions or additional monitoring until the end of her shift. The licensee did not take any further action until the following day. [s.19(1)]

**Additional Required Actions:**

***VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that residents are protected from abuse by anyone and not neglected by the licensee or staff, to be implemented voluntarily.***

---

**Findings/Faits saillants :**

1. Home policy "Abuse and Neglect Resident", V3-010, revised July 2011 was not complied with when a resident reported being struck by a PSW:
  - the policy states "Director of Administration or designate will take action to immediately notify the Ministry of Health and Long Term Care" and provides specific instruction for contact outside of normal business hours. The Ministry of Health and Long Term Care was not immediately notified of this incident - notification was made by way of a CI report submitted the following day.
  - the policy states the Director of Administration or designate will "Determine whether or not the employee should be sent home immediately." The Director of Administration or designate was not immediately notified of the incident and the employee reported to have struck the resident was permitted to continue to work until the completion of her shift. She was sent home at the commencement of her next shift.
  - the policy states "Leisureworld has a zero tolerance policy for resident abuse and neglect" "Abuse and neglect are not tolerated in any circumstance by anyone.
