- Two Intakes: related to a fall of a resident, resulting in an injury.

The following **Inspection Protocols** were used during this inspection:

Falls Prevention and Management
Falls Prevention and Management
Infection Prevention and Control

INSPECTION RESULTS

WRITTEN NOTIFICATION: Reports re critical incidents

NC #001 Written Notification pursuant to FLTCA, 2021, s. 154 (1) 1.

Non-compliance with: O. Reg. 246/22, s. 115 (4) (a)

The licensee had failed to contact the hospital within three calendar days to find out if a resident had a significant change in their health status, after a fall with an injury.

A review of a resident's progress notes identified no progress notes were written for the three calendar days.

In an interview with a Registered Nurse (RN), they identified that no nurse had called the hospital over the three days.

Not contacting the hospital for an update within the three calendar days, had no specific effect to the resident, therefore the non-compliance was identified as low risk.

Sources: Critical Incident (CI); resident's progress notes, post fall assessments, hospital discharge summary; Falls Prevention and Management Program, last revised January 2022; interviews with the RN, the Director of Care (DOC), and other staff.
