The RN said that the home's process was to ensure the resident was safe, inform the manager and initiate an investigation. The RN said that they did not call the manager or initiate the investigation assuming the interaction was consensual.

In an interview the Co-Director of Care (Co-DOC) said that they were the manager on call on the day the allegations were reported to the RN, they were not informed by the RN that any allegations were made. Co-DOC said that the expectation was for the investigation to be initiated immediately.
