WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care

Specifically failed to comply with the following:

s. 6. (7) The licensee shall ensure that the care set out in the plan of care is provided to the resident as specified in the plan. 2007, c. 8, s. 6 (7).

Findings/Faits saillants :

1. The licensee has failed to ensure that the care set out in the plan of care was provided to resident as specified in the plan in relation to falls prevention interventions.

A critical incident (CI) was submitted to the Ministry of Long-Term Care (MLTC) related to an identified resident sustaining a fall with injury.

The plan of care for the identified resident under falls documented that the resident used a personal assistive service device (PASD) for mobility and the plan of care gave specific directions to staff regarding the device.

The plan of care under sleep pattern also stated that the resident had a preferred time to get up and a preferred time to go to bed.

Post fall documentation showed that the resident sustained an identified number of falls with injuries as a result of the PASD not being applied appropriately.

On a specified date the resident had another fall with injuries where the plan of care related to falls prevention and sleep pattern was not followed.

An RPN acknowledged that the fall for the identified resident could have been prevented if the care was provided as outlined in the plan of care.

The licensee has failed to ensure that care set out in the plan of care was provided to resident as specified in the plan. [s. 6. (7)]

Additional Required Actions:

CO # - 001 will be served on the licensee. Refer to the "Order(s) of the Inspector".
