(une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD. Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 23. Licensee must investigate, respond and act

Specifically failed to comply with the following:

s. 23. (1) Every licensee of a long-term care home shall ensure that,
(a) every alleged, suspected or witnessed incident of the following that the licensee knows of, or that is reported to the licensee, is immediately investigated:
(i) abuse of a resident by anyone,
(ii) neglect of a resident by the licensee or staff, or
(iii) anything else provided for in the regulations; 2007, c. 8, s. 23 (1).
(b) appropriate action is taken in response to every such incident; and 2007, c. 8, s. 23 (1).
(c) any requirements that are provided for in the regulations for investigating and responding as required under clauses (a) and (b) are complied with. 2007, c. 8, s. 23 (1).

Findings/Faits saillants :

1. The licensee failed to ensure that an allegation of abuse of Resident #1, was immediately investigated. The Unit Manager, Director of Care and Administrator were all made aware of an allegation of abuse toward Resident #1. The home did not immediately investigate the allegation. This was confirmed with the Administrator. [s. 23. (1) (a)]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance that ensures (a) every alleged, suspected or witnessed incident of the following that the licensee knows of, or that is reported to the licensee, is immediately investigated: (i) abuse of a resident by anyone, (ii) neglect of a resident by the licensee or staff, or (iii) anything else provided for in the regulations; (b) appropriate action is taken in response to every such incident; and (c) any requirements that are provided for in the regulations for investigating and responding as required under clauses (a) and (b) are complied with, to be implemented voluntarily.

WN #2: The Licensee has failed to comply with O.Reg 79/10, s. 36. Every licensee of a long-term care home shall ensure that staff use safe transferring and positioning devices or techniques when assisting residents. O. Reg. 79/10, s. 36.

Findings/Faits saillants :

1. The licensee had failed to ensure that safe positioning techniques were used when assisting Resident #1 which resulted in an injury to the resident. The clinical progress notes indicated that the resident needed to be repositioned. The documentation by the staff stated the nursing staff attempted to reposition the resident however the resident was resistive to care. Staff re-approached the resident, to avoid getting the resident upset, which was done according to the plan of care. Interview with the physician confirmed the unsafe positioning of the resident was the cause of the resident's injury. [s. 36.]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance that ensures staff use safe transferring and positioning devices or techniques when assisting residents, to be implemented voluntarily.

s. 97. (2) The licensee shall ensure that the resident and the resident's substitute decision-maker, if any, are notified of the results of the investigation required under subsection 23 (1) of the Act, immediately upon the completion of the investigation. O. Reg. 79/10, s. 97 (2).

Findings/Faits saillants :

1. The licensee failed to ensure that Resident #1's Substitute Decision Maker (SDM) was notified of the results of an alleged abuse. (See WN #1) This was confirmed by the SDM and Administrator. [s. 97. (2)]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance that ensures the resident and the resident's substitute decision-maker, if any, are notified of the results of the investigation required under subsection 23 (1) of the Act, immediately upon the completion of the investigation, to be implemented voluntarily.

WN #4: The Licensee has failed to comply with O.Reg 79/10, s. 110. Requirements relating to restraining by a physical device

1. Staff apply the physical device in accordance with any manufacturer's instructions. O. Reg. 79/10, s. 110 (1).

Findings/Faits saillants :

1. The licensee had failed to ensure that the seat belt for Resident #3 was applied in accordance with the manufacturer's instructions. Resident #3 was observed sitting in their wheelchair with a seat belt in place. The seat belt was observed to be extremely loose with at least a six inch gap between the seat belt and the resident. The manufacturer's instructions require the seat belt to be secure with approximately one inch of a gap. This was confirmed with the Registered Nurse and the Personal Support Workers. [s. 110. (1) 1.]
