The purpose of this inspection was to conduct a Follow up inspection.

This inspection was conducted on the following date(s): April 11, 12, 13, 16, 2018

This Follow Up inspection was in follow up to Compliance Order (CO) #001, issued as a result of inspection #2016_346133_0002. The CO was issued pursuant to O. Reg. 79/10, s. 17 (1), related to the home's resident-staff communication and response system. It was the licensee's second consecutive CO related to the home's resident-staff communication and response system. The CO was served to the licensee on February 8, 2016 with an initial compliance date of December 30, 2016. The compliance date was subsequently amended upon request of the licensee, twice, with a final compliance date of January 30, 2018.

This inspection was conducted during the home's 2018 Resident Quality Inspection (RQI #2018_730593_0003), which commenced on April 4, 2018. Observations related to the home's resident-staff communication and response system made by the RQI Inspectors during the first stage of the RQI were incorporated into this Follow Up inspection.

The CO was complied as a result of this Follow Up inspection.

During the course of the inspection, the inspector(s) spoke with the Director of Support Services, the Manager of Support Services, and registered and non-registered nursing staff.

During the course of the inspection, the Inspector verified that the home's new resident-staff communication and response system was available in all areas accessible by residents at the time of the inspection. As well, the Inspector tested the operation of the resident-staff communication and response system in identified areas throughout the home, including the Perley Center building.
