Findings/Faits saillants :

1. The licensee failed to ensure a resident-staff communication and response system was available in every area accessible by residents as evidenced by:

The inspector observed several residents sitting in the resident common area in the lobby on the main level. The inspector also observed that a resident-staff communication or response system was not available in this area.

Direct care staff at the home and one family member verified residents sat at this resident common area daily and that no resident-staff communication and response system was available in this location.

The Administrator and the Director of Care confirmed that residents commonly sat in the resident common area in the lobby on the main level and that no resident-staff communication and response system was available in this location.

The Administrator and the Director of Care confirmed the expectation was that a resident-staff communication and response system be available in every area accessible by residents. [s. 17. (1) (e)]
