WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 20. Policy to promote zero tolerance

Specifically failed to comply with the following:

s. 20. (1) Without in any way restricting the generality of the duty provided for in section 19, every licensee shall ensure that there is in place a written policy to promote zero tolerance of abuse and neglect of residents, and shall ensure that the policy is complied with. 2007, c. 8, s. 20 (1).

Findings/Faits saillants :

1. The licensee has failed to ensure that the home's written zero tolerance of abuse policy was complied with.

On an identified date, Personal Support Worker S#102 was assigned to care for Resident #1. The staff member was interviewed and recalls asking the resident how they had slept. The resident replied "good" but then stated a male had entered the room during the night and described an incident alleging sexual abuse. S#102 reported this to Registered Practical Nurse (RPN) S#104.

S#104 went to speak with the resident and Resident #1 repeated the story involving an unidentified man entering the room at night. S#104 made an entry in the progress notes on an identified date, but did not further report this information.

On another identified date six days later, RPN S#105 received a message from Resident #1's family member. The family member stated the resident said one week prior, an unidentified man had entered the room during the night and alleged sexual abuse. S#105 stated she immediately interviewed Resident #1 and the resident's account of the incident was much the same as that reported to the family member. S#105 contacted the Assistant Director of Care (ADOC) who then directed the staff member to immediately notify the Ministry of Health and Long Term Care (MOHLTC) and the police.

S#104 failed to follow the home's Zero Tolerance of Abuse Policy, #OPER-02-02-04. The policy statement indicates, "every person in the home, including staff, has a mandatory and legal obligation to immediately report suspected or witnessed abuse. S#104 had received abuse training on March 3, 2014. The home had also been ordered during a recent Resident Quality Inspection (RQI) to complete retraining of all direct care staff in the area of abuse. S#104 had completed this retraining on July 22/14. The home has taken disciplinary action against S#104 and according to the DOC, the staff member will receive one to one abuse training prior to being reinstated to work. [s. 20. (1)]
