**WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 8. Policies, etc., to be followed, and records**

**Specifically failed to comply with the following:**

- s. 8. (1) Where the Act or this Regulation requires the licensee of a long-term care home to have, institute or otherwise put in place any plan, policy, protocol, procedure, strategy or system, the licensee is required to ensure that the plan, policy, protocol, procedure, strategy or system,**
- (a) is in compliance with and is implemented in accordance with applicable requirements under the Act; and O. Reg. 79/10, s. 8 (1).**
- (b) is complied with. O. Reg. 79/10, s. 8 (1).**
- 

**Findings/Faits saillants :**

1. The home's policy relating to transcribing of medication states:

"Medication reconciliation:

"The nurse obtains an accurate and complete medication history by checking as many of the following sources that are available: "speaking with family/resident member directly"

Consent to treatment policy: "Consent Procedures & Consent Forms" The Medical Plan of Treatment Consent Form" is to be implemented with resident/family on admission.

A Reg Staff member did not do a complete review of a resident's medication history on admission by speaking with the resident/family as a source for obtaining the said history. This resulted in a family member having to assertively insist with a Reg Staff member that the review of the resident's medications history be done.

This was confirmed by the Director of Care [s. 8. (1)]
