The purpose of this inspection was to conduct a Follow up inspection.

This inspection was conducted on the following date(s): February 06 and 07, 2014

During the course of the inspection, the inspector(s) spoke with the Administrator, Nursing staff, Environmental Services staff, other program staff, several residents and visitors.

During the course of the inspection, the inspector(s) toured all resident home areas; followed up Compliance Order related to housekeeping and maintenance services; observed the accessibility of hand hygiene agents; checked door security and the location of the resident staff communication and response system. Reviewed Resident Council meeting minutes. Discussed plans for replacement furnishings and continued installation of wall protection. Adjustments and repairs to sliding washroom doors and call bell cord issues in washrooms were reviewed.

The following Inspection Protocols were used during this inspection:

Accommodation Services - Housekeeping

Accommodation Services - Maintenance

Safe and Secure Home

Findings of Non-Compliance were found during this inspection.

1. On February 07, 2014 while conducting a follow up inspection in the home, it was observed that 3 resident accessible doors leading from the Trillium Ridge corridor of the long term care home to 2 stairways and to 1 non secure area outside of the home were each not equipped with an audible door alarm that allows calls to be cancelled only at the point of activation. The doors were confirmed to not be connected to an audio visual enunciator at the closest nursing station or to the resident staff communication and response system.

The doors were closed and locked at the time of inspection.

Residents are at increased risk for harm by getting into stairways and/or leaving the long term care home without being detected. Door alarms facilitate resident safety. [s. 9. (1)]

---

**Findings/Faits saillants :**

1. During an inspection on February 06 and 07, 2014 it was observed that hand hygiene agents are not accessible at point of care locations within resident bedrooms.

---

Hand hygiene agents are provided in dispensers in corridors and on some of the carts used by staff. It was confirmed that hand hygiene agents are not provided to staff to carry. Several staff did identify that their had purchased their own small size hand sanitizers. [s. 229. (9)]
