WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care

Specifically failed to comply with the following:

s. 6. (7) The licensee shall ensure that the care set out in the plan of care is provided to the resident as specified in the plan. 2007, c. 8, s. 6 (7).

Findings/Faits saillants :

1. This non compliance was previously issued under inspection #2012_103193_0012 and under inspection #2013_102116_0050 for Resident #1 related to falls prevention.

The licensee failed to ensure that the care set out in the plan of care was provided to Resident #1 and #2 as specified in the plan.

- The written plan of care for resident #1 identifies the resident is at high risk for falls and requires a bed and chair alarm to be applied to clothing at all times while in bed and seated in a chair.

- On a specified date, resident #1 was observed to be in bed sleeping without the bed alarm attached. An interview with the assigned personal support worker (PSW) confirmed not checking the application of the bed alarm to the resident prior to commencing the shift [s. 6. (7)]

2. - The written plan of care for resident #2 identifies the resident is at moderate risk for falls and requires a bed and chair alarm to be applied to clothing for safety and to reduce the risk of falls. On a specified date, during the lunch meal service, resident #2 was observed in the dining room sitting in a wheelchair without the chair alarm attached. An interview with the assigned PSW indicated that the resident only requires the chair alarm when sitting in the sofa chair located in his/her room. Interviews with the registered staff and Director of Care further confirmed that the chair alarm is to be applied at all times when resident #2 is seated. [s. 6. (7)]
