Inspection Summary/Résumé de l'inspection

The purpose of this inspection was to conduct a Critical Incident inspection.

During the course of the inspection, the inspector(s) spoke with Executive Director, Director of Care, Staff Educator, Registered Staff, Personal Support Workers (PSWs), a resident.

During the course of the inspection, the inspector(s) reviewed resident records, reviewed home policies, observed resident care.

The following Inspection Protocols were used during this inspection:

Personal Support Services

Findings of Non-Compliance were found during this inspection.

NON-COMPLIANCE / NON-RESPECT DES EXIGENCES

Legend	Legendé
WN – Written Notification	WN – Avis écrit
VPC – Voluntary Plan of Correction	VPC – Plan de redressement volontaire
DR – Director Referral	DR – Aiguillage au directeur
CO – Compliance Order	CO – Ordre de conformité
WAO – Work and Activity Order	WAO – Ordres : travaux et activités

Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (A requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA.) The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.	Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (Une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD. Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care

Specifically failed to comply with the following subsections:

s. 6. (7) The licensee shall ensure that the care set out in the plan of care is provided to the resident as specified in the plan. 2007, c. 8, s. 6 (7).

Findings/Faits saillants :

1. The care set out in the plan of care for an identified resident was not provided to the resident as specified in the plan.
The identified resident's plan of care for transferring states that the resident is to be transferred using a MAXI-lift mechanical lift, with two persons assist.
On an identified date the identified resident was transferred by a Personal Support Worker (PSW) using a standing lift, and working independently without a second person to assist.
As a result the resident slipped from the lift during the transfer, and sustained a fracture.
[s.6.(7)]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that care set out in an identified resident's plan of care for transferring is provided to the resident as specified in the plan, to be implemented voluntarily.

WN #2: The Licensee has failed to comply with O.Reg 79/10, s. 8. Policies, etc., to be followed, and records

Specifically failed to comply with the following subsections:

s. 8. (1) Where the Act or this Regulation requires the licensee of a long-term care home to have, institute or otherwise put in place any plan, policy, protocol, procedure, strategy or system, the licensee is required to ensure that the plan, policy, protocol, procedure, strategy or system,
(a) is in compliance with and is implemented in accordance with applicable requirements under the Act; and
(b) is complied with. O. Reg. 79/10, s. 8 (1).

Findings/Faits saillants :

1. The Licensee failed to ensure that any plan, policy, protocol, procedure, strategy or system instituted or otherwise put in place is complied with.
Interviews with staff and a resident indicate that on an identified date a PSW did not follow the home's policy Use of Mechanical Lifts (LTC-P-70). The policy states that two staff members at a minimum must perform lifts and transfers from a lifting device. On the identified date the PSW transferred an identified resident using a standing lift, without anyone to assist her.
The resident is non-weight bearing and was assessed as needing a MAXI-lift, or full mechanical lift.
As a result, the resident slipped from the lift and sustained a fracture.
[R.8.(1)]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that the home's policy Use of Mechanical Lifts (LTC-P-70) is complied with, to be implemented voluntarily.

WN #3: The Licensee has failed to comply with O.Reg 79/10, s. 36. Every licensee of a long-term care home shall ensure that staff use safe transferring and positioning devices or techniques when assisting residents. O. Reg. 79/10, s. 36.

Findings/Faits saillants :

1. The Licensee failed to ensure that staff use safe transferring and positioning devices or techniques when assisting residents.
On an identified date, a Personal Support Worker (PSW) did not use safe transferring techniques while assisting an identified resident to transfer from bed to chair.
Interviews with staff and the resident reveal that the PSW attempted to use a standing lift to transfer the resident who was non-weight bearing, and whose plan of care and transfer logo both indicated the resident required a full mechanical lift.
The PSW performed the lift procedure independently, without a second person to assist.
As a result the resident slipped from the lift, sustaining a fracture.
[R. 36]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that staff use safe transferring and positioning devices or techniques when assisting residents, to be implemented voluntarily.
