**Findings/Faits saillants :**

1. The licensee failed to promote resident #10's right to be treated with courtesy and respect and in a way that fully recognizes the resident's individuality and respects the resident's dignity.

On an identified date resident #10's evening care (from 3-11pm) was provided by an identified PSW. When resident #10 called for assistance with specified care, the staff member asked the resident why he/she was ringing the call bell again. The staff member then told the resident about his/her own health conditions, the need to take a break to eat and that the resident would have to wait for care. Resident #10 responded by offering some of her/his own food.

An interview conducted with the identified staff member confirmed that the statements were made to resident #10. Furthermore, the staff member stated that she/he only told the resident because she/he felt that resident #10 would call again.

The resident indicated that he/she felt angry and frustrated that he/she has to wait for care to be provided. A progress note on a specified date states that resident #10 was tired of having to fight to keep clean, and experiencing a guilt trip from unprofessional staff when he/she uses the call bell and asks for assistance with care.

Resident #10 told the inspectors that he/she has experienced numerous instances of

staff treating him/her disrespectful and has complained numerous times to the home's management. Resident #10 told inspectors that the staff member from a specified date also told her that he/she was very busy, and that resident #10 is not the only person living here, and that the staff member was going to leave and the resident would just have to wait. The accused staff member denied saying this to the resident.

Resident #10 further alleged that another PSW left him/her lying on the bed exposed when the staff became frustrated with the resident during continence care and walked out of the room. [s. 3. (1) 1.]

2. The licensee failed to ensure that resident #10's right to be protected from abuse was fully respected and promoted.

Section 3(1)2 was previously issued for resident #10 in inspection #2012\_162109\_0003 with a compliance order served on November 27, 2012.

Resident #10 was subject to verbal abuse which included communication that diminished the resident's sense of well-being, dignity and self-worth from the staff. In addition, the resident was subject to emotional abuse including shunning, ignoring and lack of acknowledgement from the staff.

On an identified date, the resident was engaged in a verbal altercation with an identified staff member, during which the staff member told the resident that she/he was wicked and evil, and not Christian.

A record review of the home's incident investigation and interview of staff and resident revealed that both the resident and the staff confirmed that this verbal altercation had occurred. The staff member was disciplined. Resident #10 stated that she/he is tired of being humiliated and not getting help from some staff when requested. [s. 3. (1) 2.]

3. The licensee failed to ensure that resident #5's right to be protected from abuse was fully respected and promoted.

Record review and staff interviews confirmed that resident #5 was abused by co-resident #4. Both residents are cognitively impaired.

4. The licensee failed to ensure that the resident's right not to be neglected by the licensee or staff was respected and promoted.

On an identified date resident #11 was neglected when the staff refused to provide care and the resident was left sitting in soiled incontinence brief.

At an identified time the call bell was activated from the resident #11's bedroom. The call bell was activated 9 more times by the POA during a 2 hour time frame from 7:20 pm to 9:17 pm requesting care to be provided to the resident. Staff members attempted to shut the call bell off and the family member refused to let them shut the bell off until care was provided to the resident. The call bell was noted on the call bell detail report to have rang for 30 min or longer on more than one occasions over the 2 hour period of time. The assigned staff member refused to allow the POA to assist with care, and refused to leave the bathroom door open during care at the POA's request. Staff interview revealed that the assigned PSW refused to provide care to the resident while the resident's POA was in attendance even when other staff offered to assist. The charge nurse then summoned another staff member to provide care to the resident which was over 2 hours past the initial care request. When the care was finally rendered, the resident was found to be incontinent of bowel and bladder functions.

**Findings/Faits saillants :**

1. The licensee failed to ensure that the person who had reasonable grounds to suspect that abuse of a resident by anyone that resulted in harm or risk of harm to the resident was immediately reported to the Director.

On an identified date, resident #11 sustained a bruise to the right eye. The physician assessed the resident for injury and was unable to determine how the bruise was sustained. The SDM for the resident suspected that the resident had been abused by the staff and called the police to report an abuse. The police investigated the suspicion of abuse and determined that there was no evidence of assault.

The licensee did not report the suspicion of abuse to the Director. [s. 24. (1)]

The Licensee shall prepare, submit and implement a plan to ensure that the following resident rights are fully respected and promoted.

Resident #10's right to be treated with courtesy and respect and in a way that fully recognizes the resident's individuality and respects the resident's dignity.

**Grounds / Motifs :**

1. The licensee failed to promote resident #10's right to be treated with courtesy and respect and in a way that fully recognizes the resident's individuality and respects the resident's dignity.

On an identified date resident #10's evening care (from 3-11pm) was provided by an identified PSW. When resident #10 called for assistance with specified care, the staff member asked the resident why he/she was ringing the call bell again. An interview conducted with the identified staff member confirmed that the statements were made to resident #10. Furthermore, the staff member stated that she/he only told the resident because she/he felt that resident #10 would call again.

The resident indicated that he/she felt angry and frustrated that he/she has to wait for care to be provided. The accused staff member denied saying this to the resident.

Resident #10 further alleged that another PSW left him/her lying on the bed exposed when the staff became frustrated with the resident during continence care and walked out of the room

2. The licensee failed to ensure that resident #5's right to be protected from abuse was fully respected and promoted.

Record review and staff interviews confirmed that resident #5 was abused by co-resident #4. Both residents are cognitively impaired.

3. The licensee failed to ensure that resident #10's right to be protected from abuse was fully respected and promoted.

4. The licensee failed to ensure that the resident's right not to be neglected by the licensee or staff was respected and promoted.

On an identified date resident #11 was neglected when the staff refused to provide care and the resident was left sitting in soiled incontinence brief.

At an identified time the call bell was activated from the resident #11's bedroom. The call bell was activated 9 more times by the POA during a 2 hour time frame from 7:20 pm to 9:17 pm requesting care to be provided to the resident.
