WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 8. Policies, etc., to be followed, and records

Specifically failed to comply with the following:

s. 8. (1) Where the Act or this Regulation requires the licensee of a long-term care home to have, institute or otherwise put in place any plan, policy, protocol, procedure, strategy or system, the licensee is required to ensure that the plan, policy, protocol, procedure, strategy or system,
(a) is in compliance with and is implemented in accordance with applicable requirements under the Act; and O. Reg. 79/10, s. 8 (1).
(b) is complied with. O. Reg. 79/10, s. 8 (1).

Findings/Faits saillants :

1. The licensee has failed to ensure the policies related to falls management and neurological assessment were complied with, for three residents.

O. Reg. 79/10 s. 48 (1) requires a falls prevention and management program to reduce the incidence of falls and the risk of injury.

O. Reg. 79/10 s. 49 (1) requires that the program provides strategies to reduce or mitigate falls, including the monitoring of residents.

Specifically, staff did not comply with the home's policies and procedures "Resident Falls", effective May 2017 and "Neurological Assessment Post Head Injury", effective September 2018.

The falls management policy, and neurological assessment policy required staff to complete a neurological assessment if any possibility of head injury.

Neurological assessments post-fall, were not completed for three residents.

The Director of Care (DOC) stated that the expectation in the home was that staff follow the policy related to neurological assessments, and that all sections in the assessment should have been completed. There was increased risk to the residents, related to the neurological assessments not being completed.

Sources: "Resident Falls", number OTP-OPFP-8.6 (effective May 2017), "Neurological Assessment Post Head Injury", number CS-12.2 (effective September 2018); three residents' assessments; and interviews with the DOC and other staff. [s. 8. (1) (a), s. 8. (1) (b)]

Additional Required Actions:

CO # - 001 will be served on the licensee. Refer to the "Order(s) of the Inspector".

WN #2: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 30. Protection from certain restraining

Specifically failed to comply with the following:

s. 30. (1) Every licensee of a long-term care home shall ensure that no resident of the home is:

- 1. Restrained, in any way, for the convenience of the licensee or staff. 2007, c. 8, s. 30. (1).**
- 2. Restrained, in any way, as a disciplinary measure. 2007, c. 8, s. 30. (1).**
- 3. Restrained by the use of a physical device, other than in accordance with section 31 or under the common law duty described in section 36. 2007, c. 8, s. 30. (1).**
- 4. Restrained by the administration of a drug to control the resident, other than under the common law duty described in section 36. 2007, c. 8, s. 30. (1).**
- 5. Restrained, by the use of barriers, locks or other devices or controls, from leaving a room or any part of a home, including the grounds of the home, or entering parts of the home generally accessible to other residents, other than in accordance with section 32 or under the common law duty described in section 36. 2007, c. 8, s. 30. (1).**

Findings/Faits saillants :

1. The licensee has failed to ensure that no resident of the home was restrained, by the use of barriers or other devices from leaving a room.

A barrier restraint was observed being used for a resident in the home. The resident was unable to open the restraint. The clinical record for the resident did not include the restraint in the resident's plan of care and no restraint assessment had been completed for the resident. There was increased risk to the resident, related to the use of the barrier restraint.

The home's restraint policy stated a restraint was to be used as a last resort, and required staff to complete an assessment, obtain a physicians order, and obtain consent related to the use of the restraint.

Sources: Policy "Least Restraint, Last Resort", number CS-5.1 (last revised May 2018); a resident's care plan, assessments, orders, and paper chart; and interviews with a RPN and other staff. [s. 30. (1) 5.]
