A complaint received by the Ministry of Health and Long Term Care from a family revealed a resident had been left unattended in a required supervised area.

A record review of progress notes revealed the resident had been left unattended in a required supervised area and was found on the floor.

A review of the home's Policy identified residents should be supervised while in that area of the home.

An interview with the Director of Care confirmed the resident had been left unattended in the required supervised area and also confirmed it was the home's expectation that the staff did not leave residents unattended in the required supervised area. [s. 8. (1) (a),s. 8. (1) (b)]
