WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 36. Every licensee of a long-term care home shall ensure that staff use safe transferring and positioning devices or techniques when assisting residents. O. Reg. 79/10, s. 36.

Findings/Faits saillants :

1. The licensee has failed to ensure that staff used safe transferring and positioning devices or techniques when assisting residents.

Inspector #684 reviewed a Critical Incident (CI) report which was submitted to the Director for an incident that caused an injury to resident #001, for which they were taken to the hospital for and resulted in a significant change to their health status. A review of the CI report showed that resident #001 sustained a significant injury while being transferred and positioned. The resident was sent to hospital for further assessment where by, they were made aware of their treatment options.

Inspector #684 reviewed resident #001's progress notes and noted on a specified day in 2019, there was a progress note which described the incident.

Inspector #684 interviewed Personal Support Worker (PSW) #102 regarding the incident which they were involved in while transferring and positioning resident #001. PSW #102 told the inspector the specifics of the incident.

Inspector #684 interviewed PSW #103 regarding the incident which they were involved in while transferring and positioning resident #001 with PSW #102. PSW #103 described the specifics of the incident involving themselves, PSW #102 and resident #001.

Inspector #684 reviewed the home's policy for transferring and positioning with a review date of May 2019. The procedure stated staff are to "ensure that the resident is well-supported, safe and comfortable."

During an interview held with the Inspector, the DOC indicated a cause why resident #001 was injured while being transferred and positioned by PSW #102 and #103.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that staff use safe transferring and positioning devices or techniques when assisting residents, to be implemented voluntarily.

WN #2: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 76. Training

Specifically failed to comply with the following:

s. 76. (4) Every licensee shall ensure that the persons who have received training under subsection (2) receive retraining in the areas mentioned in that subsection at times or at intervals provided for in the regulations. 2007, c. 8, s. 76. (4).

Findings/Faits saillants :

1. The licensee has failed to ensure that the persons who have received training under subsection (2) receive retraining in the areas mentioned in that subsection at times or at intervals provided for in the regulations.

According to LTCHA 2007, s.75 subsection (2) states "Every licensee shall ensure that no person performs their responsibilities before receiving training in all Acts, regulations, policies of the Ministry and similar documents, including policies of the licensee, that are relevant to the person's responsibilities".

According to O. Reg 79/10, s.219 (1), the times and intervals for the purpose of subsection 76(4) of the Act are annual intervals.

A CI report was submitted to the Director for an incident that caused injury to resident #001. Please see WN #1.

During a review of the CI report, Inspector #684 identified that training related to transferring and positioning was to be provided annually to all PSWs.

During interviews with PSWs #102 and #103, neither could remember receiving transferring and positioning training within the last year.

Inspector #684 reviewed the home's policy and training record for transferring and positioning and was unable to locate where PSW #103 had received their annual training. PSW #102 was documented as having received the training.

Inspector #684 reviewed the home's policy for transferring and positioning, which stated "All newly hired care givers shall be trained during their orientation period. Training comprises of viewing video's supplied by the manufacturer and hands on use with a certified PSW. All PSW's will review the [transferring and positioning training] annually.

In an interview held with the Inspector, the DOC indicated that transferring and positioning training should be completed annually and PSW #103 did not received their annual training. [s. 76. (4)]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that the persons who have received training under subsection (2) receive retraining in the areas mentioned in that subsection at times or intervals provided for in the regulations, to be implemented voluntarily.
