WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 24. Reporting certain matters to Director

Specifically failed to comply with the following:

s. 24. (1) A person who has reasonable grounds to suspect that any of the following has occurred or may occur shall immediately report the suspicion and the information upon which it is based to the Director:

- 1. Improper or incompetent treatment or care of a resident that resulted in harm or a risk of harm to the resident.**
- 2. Abuse of a resident by anyone or neglect of a resident by the licensee or staff that resulted in harm or a risk of harm to the resident.**
- 3. Unlawful conduct that resulted in harm or a risk of harm to a resident.**
- 4. Misuse or misappropriation of a resident's money.**
- 5. Misuse or misappropriation of funding provided to a licensee under this Act, the Local Health System Integration Act, 2006 or the Connecting Care Act, 2019.**

Findings/Faits saillants :

1. The licensee has failed to ensure that any person who had reasonable grounds to suspect abuse of the identified residents by resident #001 that resulted in harm or a risk of harm to the resident was reported to the Director immediately.

A complaint was submitted to the Ministry of Long-term Care (MLTC) relating to responsive behaviours for resident #001. During a record review for a nine month period, resident #001 initiated multiple incidents of resident to resident physical aggression with multiple other residents. Of those multiple incidents two Critical Incident System (CIS) reports were submitted to the MLTC. During staff interviews with Registered Nurse (RN) #104, Registered Practical Nurse (RPN) #102, Acting Director of Care (DOC) #101 and the Administrator #100 they had indicated that if there was an incident of resident to resident physical aggression the police would be contacted as it was considered potential abuse and that abuse was to be immediately reported. The Acting DOC #101 and Administrator #100 both indicated that a CIS report was not submitted and should have been submitted to the MLTC, for the other resident to resident physical aggression incidents.

Not reporting matters to the Director within the required time frame posed a minimal potential risk.

#102, Acting Director of Care (DOC) #101 and the Administrator #100 they had indicated that if there was an incident of resident to resident physical aggression the police would be contacted as it was considered potential abuse and that abuse was to be immediately reported. Sources: Resident #001 record review and staff interviews with RPN #102, RN #104, Acting DOC #101 and Administrator #100.

An order was made taking the following factors into account:

Severity: The home did not complete the required CIS reports for potential abuse from resident #001 to the identified residents, resulting in minimal risk to the identified residents.

Scope: This issue was widespread as resident #001 had multiple incidents of resident to resident altercations and of those multiple incidents, two CIS reports were submitted.

Compliance History: 20 Written Notifications, 17 Voluntary Plans of Correction and two Compliance Orders, which have been complied, were issued to the home related to different sub-sections of the legislation in the last 36 months.
