s. 97. (1) Every licensee of a long-term care home shall ensure that the resident's substitute decision-maker, if any, and any other person specified by the resident,
(a) are notified immediately upon the licensee becoming aware of an alleged, suspected or witnessed incident of abuse or neglect of the resident that has resulted in a physical injury or pain to the resident or that causes distress to the resident that could potentially be detrimental to the resident's health or well-being; and
(b) are notified within 12 hours upon the licensee becoming aware of any other alleged, suspected or witnessed incident of abuse or neglect of the resident. O. Reg. 79/10, s. 97 (1).

Findings/Faits saillants :

1. The licensee has failed to ensure that the resident's Substitute Decision Maker (SDM) and any other person specified by the resident were notified within 12 hours upon becoming aware of any other alleged, suspected or witnessed incident of abuse or neglect of the resident.

A record review revealed a progress note identified an incident occurred.

An interview with the Registered Nurse (RN) revealed the RN thought the SDM was notified of several incidents later the following week.

An interview with the management confirmed the resident's SDM was not notified of the witnessed documented incident and it was the homes expectation that the resident's SDM and any other person specified by the resident were notified within 12 hours upon becoming aware of any other alleged, suspected or witnessed incident of abuse or neglect of the resident.
