WN #2: The Licensee has failed to comply with O.Reg 79/10, s. 96. Policy to promote zero tolerance Every licensee of a long-term care home shall ensure that the licensee's written policy under section 20 of the Act to promote zero tolerance of abuse and neglect of residents,

Findings/Faits saillants:

1. The homes policy "Prevention of Abuse and Neglect" HSS/NVL dated as revised September 2010 does not include procedures and interventions to assist and support residents who have been abused or neglected or allegedly abused or neglected.

WN #3: The Licensee has failed to comply with O.Reg 79/10, s. 8. Policies, etc., to be followed, and records Specifically failed to comply with the following subsections:

- s. 8. (1) Where the Act or this Regulation requires the licensee of a long-term care home to have, institute or otherwise put in place any plan, policy, protocol, procedure, strategy or system, the licensee is required to ensure that the plan, policy, protocol, procedure, strategy or system,
- (a) is in compliance with and is implemented in accordance with applicable requirements under the Act; and (b) is complied with. O. Reg. 79/10, s. 8 (1).

Findings/Faits saillants:

1. The homes policy on the prevention of abuse and neglect was not followed.

On a specified date a Personal Support Worker reported to the Registered Practical Nurse (RPN) on the home area that a specified resident had reported abusive treatment from a care provider. The incident was communicated by the RPN to the Resident Care Coordinator by e-mail. Information related to the allegations was not received by the Resident Care Coordinator for more than 48 hours. The homes policy requires immediate verbal reporting to the immediate supervisor in any case of abuse (alleged, suspected).

The Resident Care Coordinator interviewed the resident and determined that the resident was unable to substantiate the allegations made on previously to the Personal Support Worker and repeated to the registered staff member. During interview with the Director of Nursing and the Administrator it was identified that the implicated staff member was not interviewed as part of the investigation, no written statement was obtained. It is unclear whether the implicates staff member was made aware of the allegation. The homes policy requires that the implicated staff member is informed about the allegation as soon as possible and is asked to document their interpretation of the incident. No report on the homes investigation into the incident was available at the time of the inspection. The homes policy

indicates that a written report is to be completed and defines the specific information to be contained within that report.
