s. 6. (1) Every licensee of a long-term care home shall ensure that there is a written plan of care for each resident that sets out,
(a) the planned care for the resident; 2007, c. 8, s. 6 (1).

The licensee failed to ensure that there was a written plan of care for reach resident that set out the planned care for the resident.

A Critical Incident (CI) Report #2976-000003-20 was submitted to the Director on an identified date in February 2020.

A review of resident #001’s clinical record confirmed that resident #001’s fall risk status had changed on an identified date in February 2020. An observation of resident #001 on an identified date in March 2020, confirmed that resident #001 had several interventions put in place to mitigate their fall risk. An interview with PSW #104 confirmed that the resident was using the one intervention. An interview with the Restorative Quality Coach confirmed that the other interventions had been implemented. A review of the resident's written plan of care, which front line staff use to direct care, did not include the above interventions. Interview with the ADOC and DOC on an identified date in March 2020, confirmed that the plan of care did not set out the planned care for resident #001 as it did not include the above interventions that were put in place. [s. 6. (1) (a)]
