WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 51. Continence care and bowel management

Specifically failed to comply with the following:

**s. 51. (2) Every licensee of a long-term care home shall ensure that,
(b) each resident who is incontinent has an individualized plan, as part of his or her plan of care, to promote and manage bowel and bladder continence based on the assessment and that the plan is implemented; O. Reg. 79/10, s. 51 (2).**

Findings/Faits saillants :

1. The licensee has failed to comply with Compliance Order (CO) #001 from Inspection #2021_722630_0011 served on March 10, 2021, with a compliance due date of April 16, 2021. A resident did not have an individualized plan of care for their continence product that was based on interdisciplinary assessments and their plan was not fully implemented.

The resident's most recent continence assessment was incomplete. The resident's clinical record and interviews with staff indicated there had been complications in the past six months related to continence care. The clinical record showed a specialist had recommended a specific type of care. The resident had not been provided with the care recommended by the specialist due to the unavailability of the specified supplies. In addition, the resident's plan of care did not include all the required details related to their individual continence care needs. The lack of an individualized plan of care and lack of implementation of the specialist's plan for the resident placed them at risk for complications.

Sources: Observations; an interview with resident; clinical records including resident's progress notes; and interviews with Registered Practical Nurse (RPN) and other staff. [s. 51. (2) (b)]

Additional Required Actions:

CO # - 001 will be served on the licensee. Refer to the "Order(s) of the Inspector".

WN #2: The Licensee has failed to comply with O.Reg 79/10, s. 8. Policies, etc., to be followed, and records

Specifically failed to comply with the following:

s. 8. (1) Where the Act or this Regulation requires the licensee of a long-term care home to have, institute or otherwise put in place any plan, policy, protocol, procedure, strategy or system, the licensee is required to ensure that the plan, policy, protocol, procedure, strategy or system,
(a) is in compliance with and is implemented in accordance with applicable requirements under the Act; and O. Reg. 79/10, s. 8 (1).
(b) is complied with. O. Reg. 79/10, s. 8 (1).

Findings/Faits saillants :

1. The licensee has failed to ensure policies or procedures included in the Continence Care and Bowel Management program were complied with for the resident related to their continence care.

O. Reg. 79/10 s. 48(1) requires a continence care and bowel management program to promote continence and to ensure that residents are clean, dry and comfortable.

O. Reg. 79/10, s. 51 (1) 1. and O. Reg. 79/10, s. 51 (1) 4. requires that the program includes treatment and interventions to promote continence and strategies to maximize residents' independence, comfort and dignity, including equipment, supplies, devices and assistive aids.

Specifically, staff did not comply with one of the the home's continence related policy and procedures as it required staff to complete specific documentation.

The resident's electronic Treatment Administration Record (eTAR) and progress notes indicated that the resident had refused care. Based on review of the progress notes and eTAR there was no documentation related to the resident's specific continence care for one month period. The acting Assistant Director of Care (ADOC) reviewed the resident's clinical record and acknowledged there was no documentation related to this care. The ADOC said it was the expectation in the home, based on the home's policy, that this care would be documented. This non-compliance with the policy placed the resident at risk for not receiving the care they required in the home.

Sources: The home's policy related to a specific type of continence care; the resident's clinical record including progress notes; interviews with staff including the acting Assistant Director of Care (ADOC). [s. 8. (1) (b)]

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure policies or procedures included in the Continence Care and Bowel Management program are complied with, to be implemented voluntarily.

O.Reg 79/10, s. 51. (2) Every licensee of a long-term care home shall ensure that,

(a) each resident who is incontinent receives an assessment that includes identification of causal factors, patterns, type of incontinence and potential to restore function with specific interventions, and that where the condition or circumstances of the resident require, an assessment is conducted using a clinically appropriate assessment instrument that is specifically designed for assessment of incontinence;

(b) each resident who is incontinent has an individualized plan, as part of his or her plan of care, to promote and manage bowel and bladder continence based on the assessment and that the plan is implemented;

(c) each resident who is unable to toilet independently some or all of the time receives assistance from staff to manage and maintain continence;

(d) each resident who is incontinent and has been assessed as being potentially continent or continent some of the time receives the assistance and support from staff to become continent or continent some of the time;

(e) continence care products are not used as an alternative to providing assistance to a person to toilet;

(f) there are a range of continence care products available and accessible to residents and staff at all times, and in sufficient quantities for all required changes;

(g) residents who require continence care products have sufficient changes to remain clean, dry and comfortable; and

(h) residents are provided with a range of continence care products that,

(i) are based on their individual assessed needs,

(ii) properly fit the residents,

(iii) promote resident comfort, ease of use, dignity and good skin integrity,

(iv) promote continued independence wherever possible, and

(v) are appropriate for the time of day, and for the individual resident's type of incontinence. O. Reg. 79/10, s. 51 (2).

The licensee must be compliant with subsection 51 (2) of O. Reg. 79/10.

Specifically, the licensee shall ensure that all residents in the home with a specific type of device have their plan of care reviewed and revised to ensure it is individualized and based on interdisciplinary continence assessments, including any assessments made by external urology specialists.

The licensee shall also ensure that the bladder continence related plan of care for all residents in the home with a specific type of device, is fully implemented. This must include ensuring any specialized supplies required by a resident are available to the resident and implemented.

Grounds / Motifs :

1. The licensee has failed to comply with Compliance Order (CO) #001 from Inspection #2021_722630_0011 served on March 10, 2021, with a compliance due date of April 16, 2021. A resident did not have an individualized plan of care for their continence product that was based on interdisciplinary assessments and their plan was not fully implemented.

The resident's most recent continence assessment was incomplete. specific continence care plan was not individualized to their assessed need and was not fully implemented.

Scope: Out of the three residents reviewed, one resident did not have an individualized continence plan of care in place and implemented, demonstrating isolated non-compliance.

Compliance History: The licensee continues to be in non-compliance with 51 (2) of O. Reg. 79/10, resulting in a compliance order (CO) being re-issued. CO #001 was issued on March 10, 2021 (inspection 2021_722630_0011) with a compliance due date of April 16, 2021. In the past 36 months, nine other COs were issued to different sections of the legislation, all of which have been complied. (630)
