**WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 5.
Every licensee of a long-term care home shall ensure that the home is a safe
and secure environment for its residents. 2007, c. 8, s. 5.**

Findings/Faits saillants :

1. The licensee failed to ensure that the home is a safe and secure environment for its residents. On December 20, 2013 during a home walk through, the inspector observed a wheel chair foot rest sitting on the floor by the stereo cabinet in an identified dining room/lounge. Interviews with a Personal Support Worker (PSW) and Registered Staff member, confirmed that a foot rest not in use, should be stored in the utility room or in the resident's cabinet in the resident's room. The inspector brought to the Registered Staff's attention that a single wheel chair foot rest was observed in the dining room. The Registered staff member instructed another PSW to store the foot rest away. [s. 5.]

Additional Required Actions:

***VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2)
the licensee is hereby requested to prepare a written plan of correction for
achieving compliance to ensure that the home is a safe and secure environment
for its residents related to the storage of wheel chair foot rests, to be
implemented voluntarily.***
