WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 99. Evaluation
Every licensee of a long-term care home shall ensure,

- (a) that an analysis of every incident of abuse or neglect of a resident at the home is undertaken promptly after the licensee becomes aware of it;**
- (b) that at least once in every calendar year, an evaluation is made to determine the effectiveness of the licensee's policy under section 20 of the Act to promote zero tolerance of abuse and neglect of residents, and what changes and improvements are required to prevent further occurrences;**
- (c) that the results of the analysis undertaken under clause (a) are considered in the evaluation;**
- (d) that the changes and improvements under clause (b) are promptly implemented; and**
- (e) that a written record of everything provided for in clauses (b) and (d) and the date of the evaluation, the names of the persons who participated in the evaluation and the date that the changes and improvements were implemented is promptly prepared. O. Reg. 79/10, s. 99.**

Findings/Faits saillants :

1. The licensee did not ensure that an analysis of alleged abuse of a resident at the home was undertaken promptly after the licensee became aware of it. Documentation in the health record of one resident includes that a family member reported that one resident was observed hitting another resident and that the information was reported to two staff. Two staff confirmed an internal investigation was not initiated in response to the allegation. [s. 99. (a)]
