<p>Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (a requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA).</p> <p>The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.</p>	<p>Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD.</p> <p>Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.</p>

WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 8. Policies, etc., to be followed, and records

Specifically failed to comply with the following:

s. 8. (1) Where the Act or this Regulation requires the licensee of a long-term care home to have, institute or otherwise put in place any plan, policy, protocol, procedure, strategy or system, the licensee is required to ensure that the plan, policy, protocol, procedure, strategy or system,
(a) is in compliance with and is implemented in accordance with applicable requirements under the Act; and O. Reg. 79/10, s. 8 (1).
(b) is complied with. O. Reg. 79/10, s. 8 (1).

Findings/Faits saillants :

1. The licensee failed to ensure that where the Act or this Regulation required the licensee of a long-term care home to have, institute or otherwise put in place any procedure, and that the procedure was complied with.

In accordance with O. Reg. 79/10, s. 48(1) and in reference to s. 49(1), the licensee was required to have a falls prevention and management program that provided procedures to monitor residents.

Specifically, staff did not comply with the licensee's policy "Head Injury Routine (HIR), that directed staff to initiate specific monitoring if an injury was evident and for all unwitnessed falls. Upon return from hospital for investigation after a fall, the specific monitoring must be initiated within 72 hours of the fall unless there is a negative diagnostic result provided.

A resident sustained an unwitnessed fall and was transferred to hospital for further medical investigation. The resident returned to the home within the 72 hours post fall, and the specific monitoring was not completed.

The resident was diagnosed with an injury and a copy of a diagnostic report was received by the home. The findings were unclear.

In an interview with management, they said it was an expectation of registered staff to complete the specific monitoring.

The licensee failed to ensure their strategy related to the implementation and completion of specific monitoring was complied with when a resident had an unwitnessed fall. [s. 8. (1) (a),s. 8. (1) (b)]

Issued on this 26th day of May, 2020
