**Inspection Summary/Résumé de l'inspection**

The purpose of this inspection was to conduct a Critical Incident inspection.

During the course of the inspection, the inspector(s) spoke with the home's Administrator, Clinical Manager, Registered Practical Nurse (RPN), several Personnal Support Workers (PSW), a housekeeper and to an identified resident.

During the course of the inspection, the inspector(s) reviewed an identified resident's health care record and examined a resident care unit shower room.

The following Inspection Protocols were used during this inspection:

Personal Support Services

Safe and Secure Home

Findings of Non-Compliance were found during this inspection.

WN – Written Notification VPC – Voluntary Plan of Correction DR – Director Referral CO – Compliance Order WAO – Work and Activity Order	WN – Avis écrit VPC – Plan de redressement volontaire DR – Aiguillage au directeur CO – Ordre de conformité WAO – Ordres : travaux et activités
Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (A requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA.)  The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.	Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (Une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD).  Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

**WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care**

**Specifically failed to comply with the following subsections:**

**s. 6. (7) The licensee shall ensure that the care set out in the plan of care is provided to the resident as specified in the plan. 2007, c. 8, s. 6 (7).**

**Findings/Faits saillants :**

1. The identified resident is independently mobile. The resident requires supervision and cueing during the provision of hygiene and personal care. The plan of care indicates that the resident is to be supervised and not to be left unattended while in the shower.

On May 11 2011, a PSW accompanied the identified resident into a shower room for a shower. The resident was left unattended by the PSW, while he/she was in the shower.

The resident states that he/she fell to the floor while getting dressed and hit his/her head on the floor. He/She got up and left the shower room. The resident notified a staff member that he/she had fallen in the shower and that the PSW had left him/her unattended during the shower. The resident was assessed. He/She did not sustain any other injuries.

The home's Administrator confirmed that the PSW had left the resident unattended while in the shower when the plan of care indicated that the resident required supervision during his/her shower.

**Issued on this 30th day of September, 2011**
