Rapport d'inspection prévue le Loi de 2007 les foyers de soins de longue

1. The Licensee failed to ensure that O.Reg 79/10 section 33 (1) is respected in that residents are bathed, at a minimum twice a week by the method of their choice.

Resident #1 health care record indicates that the resident was bathed / showered once during the week of January 8 2012, this on January 8 2012; once during the week of January 22 2012, on January 25 2012 and was not bathed during the week of February 12 2012. No documentation was found in the resident's health care record related to baths being rescheduled and given on another day for this resident.

Resident #2 health care record indicates that the resident prefers to have a shower, twice a week. Resident #2 health care record documents that the resident was showered once during the week of January 1 2012, on January 3 2012 and was not bathed/showered during the weeks of January 29 and February 12 2012. No documentation was found in the resident's health care record related to baths being rescheduled and given on another day for this resident.

Resident #3 health care record indicates that the resident was bathed / showered was bathed during the week of January 15 2012. No documentation was found in the resident's health care record related to baths being rescheduled and given on another day for this resident.

Resident #4 health care record indicates that the resident prefers to have a shower, twice a week. Resident #4 health care record documents that the resident was bathed / showered once during the week of January 15 2012, on January 21 2012. No documentation was found in the resident's health care record related to baths being rescheduled and given on another day for this resident.

Resident #5 health care record indicates that the resident prefers to have a shower, twice a week. The health care record documents that during the week of January 29 2012, the resident only received one shower on February 4 2012. It also documents that during the week of February 5 2012, resident #5 only received one shower on February 8 2012. No documentation was found in the resident's health care record related to baths being rescheduled and given on another day for this resident.

Resident #6 health care record indicates that the resident was bathed / showered once during the week of January 15 2012, on January 20 2012. No documentation was found in the resident's health care record related to baths being rescheduled and given on another day for this resident.

A clinical care manager stated during an interview on March 7 2012, that one of the home's resident care unit has been having some staffing problems in January and February 2012, which affected the residents bathing schedule. The clinical care manager stated that staff do try to reschedule residents baths to ensure that they have two baths or showers per week.

Interviewed a resident care unit's RPN and RN on March 6, 2012, and they stated that resident bath schedules are affected when the unit is short one staff member. They stated that staff try to provide baths as per bath schedule but cannot ensure that the residents will be bathed when unit is short staffed. They also state that they cannot ensure that the resident scheduled to another time or another day when the unit is short staffed.

Issued on this 14th day of March, 2012
