WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 51. Continence care and bowel management

Specifically failed to comply with the following:

s. 51. (2) Every licensee of a long-term care home shall ensure that, (g) residents who require continence care products have sufficient changes to remain clean, dry and comfortable; and O. Reg. 79/10, s. 51 (2).

Findings/Faits saillants :

1. The licensee has failed to ensure that the resident had sufficient changes to remain clean, dry and comfortable.

One morning, the resident requested continent care twice, as their incontinent product required changing and was declined on both occasions. The resident waited an hour for care and on the second occasion waited an hour and fifteen minutes. Interviews confirm that resident requires significant assistance to receive continent care. Resident was uncomfortable laying on a soiled under pad and their skin integrity was at risk.
