At the time of the inspection, documentation was not available that identified the tuberculosis status for all staff in the home. However, by February 5, 2013, 30 staff had not yet been screened. The home was originally ordered to submit a compliance plan by October 31, 2012 to identify their staff tuberculosis testing strategy. The plan was accepted by a Long Term Care Homes Inspector and it described that all staff would be screened by December 31, 2012. [s. 229. (10) 4.]
