Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (A requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA.)	Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (Une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD.
The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.	Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 20. Policy to promote zero tolerance

Specifically failed to comply with the following subsections:

s. 20. (1) Without in any way restricting the generality of the duty provided for in section 19, every licensee shall ensure that there is in place a written policy to promote zero tolerance of abuse and neglect of residents, and shall ensure that the policy is complied with. 2007, c. 8, s. 20 (1).

Findings/Faits saillants :

1. The home's abuse policy 02-06-01 identified that "all staff are to report any allegation, witnessed, suspected abuse immediately to the administrator, DOC/designate or supervisor."
A resident's bruising was first documented in the resident's progress notes and one of the two POA's was notified. The second POA voiced concerns to a RPN regarding the resident's bruising two days after it was first documented. The concern was then again voiced to the same RPN by the POA the next day. The POA's concern was only reported to a RN after the POA's second voiced concern. The DOC was not notified of the POA's concern regarding the resident's bruising, however, the DOC was contacted by a RN when an outside agency arrived at the home to investigate an allegation of elder abuse related to the resident's bruising.
The licensee did not ensure that the home's written policy to promote zero tolerance of abuse was complied with.

A resident was assessed by the hospital ER doctor at the request of an outside agency related to an allegation of elder abuse.

The progress notes identified that the resident's POA requested a copy of the ER doctor's report from the home. The copy of the report was not provided to the POA. The DOC confirmed on June 16/11 that copies are not usually provided upon request.

The progress notes also identified that the POA gave the home permission to have a Registered staff read the ER report to the POA's family member when that family member visits. The progress notes identified that the ER report was not read until the POA's family member provided the RN with the written consent from the POA.
